### **California Institute for Regenerative Medicine Announces Upcoming Sub-Committee Meeting of the Independent Citizens' Oversight Committee**

LOS ANGELES, CA – The **Presidential Search Sub-Committee** of the Independent Citizens' Oversight Committee ("ICOC"), or the governing board of the California Institute for Regenerative Medicine ("the Institute"), will have its next regular meeting on February 28, 2005.

**Organized Pursuant to the CALIFORNIA STEM CELL RESEARCH AND CURES ACT**

**Monday, February 28, 2005**

**9:00-11:00 am**

**Location**

University of California, San Francisco  
Laurel Heights Campus  
S-18, Chancellor's Conference Room  
3333 California St.  
San Francisco, CA 94118

**Pursuant to Government Code section 11123, subdivision (b), members of the Sub-Committee will be attending this meeting from teleconference locations. Members of the public are welcome to attend from these locations as well.**

For a complete list of meeting locations and the agenda, please visit the Institute's web site at [www.cirm.ca.gov](http://www.cirm.ca.gov).

The ICOC is responsible for the oversight and management of the Institute. The Institute was established in 2004 with the passage of Proposition 71, the California Stem Cell Research and Cures Initiative. The statewide ballot measure, which provided \$3 billion in funding for stem cell research at California universities and research institutions, was overwhelmingly approved by California voters, and called for the establishment of an entity to make grants and provide loans for stem cell research, research facilities and other vital research opportunities.
